

Video Transcript – Eva Koziel Talks About Community

My name is Eva Koziel and my job title is supervisor of accounting services. I have been at Cray Kaiser for five years. What makes Cray Kaiser different from other firms that I've worked with is they have a small community feel, and what I mean by that is you don't feel threatened to go and ask a partner a question. It is definitely a team effort here, and we all work together to accomplish all our goals.
