

Video Transcript – Kayla Daniels Talks About Flexibility at Work

My name is Kayla Daniels and I am a Senior Assurance Accountant. I have been with CK for almost four months. Cray Kaiser is different from other places that I've worked mostly due to the flexibility that they offer. I currently work on a flex schedule, which is only I work 30 hours a week, and it is what it sounds like, it's flexible. I can work from home, I can work from the office and we just kind of facilitate that between ourselves every week. So I've really appreciated that flexibility that they've offered me.
