

Video Transcript – Kayla Daniels Talks About the Pods Program

My name is Kayla Daniels and I am a senior assurance accountant. I have been with CK for almost four months. Pods is a program that CK has set up between managers and their team, and it's a weekly meeting that you have with your assigned manager to mostly manage your schedule because it can get pretty busy. So they just want to make sure that the work is being allocated properly and that you're understanding what needs to happen and just providing feedback as well.
